ITB 2025-19

Right of Way Maintenance Services

Addendum No. 2

September 4, 2025

The original Invitation to Bid (ITB) documents shall remain in full force and effect, except as modified herein, which shall take precedence over any contrary provisions in the prior documents.

This addendum is being issued to address questions received.

The following are questions and answers regarding the above-referenced solicitation:

1. Irrigation Parts: Please confirm whether irrigation parts are to be included in the Contractor's monthly maintenance pricing, or if such parts will be furnished by the City when repairs are required.

Answer: City will provide parts for any irrigation repairs unless the damage was caused by the company during the regular service.

2. As-Needed Services (Bid Schedule): For items designated as "As Needed (1)," please clarify whether the Bidder is to provide a unit price for a single service (e.g., one mowing cycle), or whether the Bidder should extend the pricing to reflect the estimated annual frequency (e.g., 26 mowing cycles × unit price).

Answer: All cost associated with these services need to be included in the unit pricing.

3. Tree and Palm Trimming: Exhibit F specifies tree trimming frequencies of three (3) palm prunings per year and two (2) hardwood prunings per year. However, the Bid Schedule for certain areas (e.g., North & South Side of Interchange) indicates "Tree and palm trimming monthly." Please confirm which frequency shall govern for pricing and performance purposes.

Answer: Trimming and pruning will be required as specified on the scope of work, based on price provided on the miscellaneous and plant material pricing sheet (Exhibit D).

4. Services per Work Area: Please confirm that the services required at each location are limited to those identified in the Work Area / Type of Service tab of the Bid Schedule, and that no additional services outside of those listed will be required unless specifically authorized or directed by the City. We appreciate your timely response so that we may complete our proposal in accordance with the City's requirements.

Answer: Yes the service will be at the areas identified on the work area.

5. Is this an active solicitation?

Answer: Yes.

6. Please provide a bid tabulation sheet from the last solicitation.

Answer: Bid tabulation sheet from last solicitation is similar to current bid tabulation, with the only exception that on the current bid tabulation item number 86 was added.

7. Why is this out bid again?

Answer: E-bid Bond discrepancies.

8. Will this be awarded to a single vendor or multiple vendors?

Answer: Single vendor.

9. Why are we asked to submit GC and Electrical Contractor licenses for landscape maintenance work?

Answer: No electrical contractor is needed.

10. Please provide current contract pricing and tabulations. / Please email me the bid tabulations of all areas from the previous bid award.

Answer: Question disallowed as per State Statute 286.011 (3).

11. Is there a bid bond for this project?

Answer: Yes

12. Why is the ITB out for bid?

Answer: Current contract expiration.

13. Please confirm the type of mulch to be applied.

Answer: Pine bark.

If you should have any questions regarding this addendum, please do not hesitate to contact procurement@cityofdoral.com.

Sincerely,
