2. SCOPE OF WORK

2.1.1. Statement of Need/Objectives

1. Summary

The City of Doral is seeking qualified vendors to provide rental services for tents, tables, and chairs to support various community events, recreational programs, and special functions hosted by the City. The selected vendor will be responsible for delivering, setting up, and taking down tents equipment in a timely and professional manner. The services must meet the specifications outlined in this document and adhere to all relevant safety and regulatory standards. While the City will handle the permitting process, rental companies are responsible for providing insurance, flame-retardant certificates, compliance with Fire Department regulations, and completing the permit application.

2. Detailed Specifications

All rental items must meet the following specifications:

A. Tents

1. Sizes: A variety of sizes ranging from 10x10 feet to 40x80 feet.
2. Structure: Tents must be made of high-quality, weather-resistant materials suitable for outdoor use.
3. Certification: All tents must comply with NFPA (National Fire Protection Association) 701 for flame resistance.
4. Setup: Each tent must be set up on a level surface and anchored according to manufacturer standards, with weight bags or water barrels. Staking is not permitted in any of our parks.
5. Accessories: Vendors must provide additional accessories such as sidewalls, lighting options, and flooring upon request.

B. Tables

1. Sizes: Tables available in various sizes including 6-foot and 8-foot rectangular tables and round tables of 48 inches and 72 inches.
2. Material: Tables should be of sturdy construction, preferably made from polyethylene or similar weather-resistant materials.
3. Setup: Tables must be adequately cleaned before the start of events.

C. Chairs

1. Types: Vendors should offer a choice of folding chairs and other appropriate seating options as requested.
2. Comfort: All chairs must be made from durable materials and provide comfort for extended seating.
3. Color Options: A range of color options should be available for aesthetic considerations.
4. Setup: Chairs must be adequately cleaned before the start of events.

3. Service Requirements

The vendor will be required to provide the following services:

A. Delivery:

1. Rental items must be delivered to designated locations within the City of Doral at least 24 hours prior to the event.
2. Delivery and setup should occur during regular business hours unless otherwise arranged.

B. Setup:

1. All rental equipment must be set up in accordance with the specified layout provided by the City representatives.
2. Setup should ensure that all equipment is stable and safe for use.

C. Takedown:

1. After each event, the vendor shall promptly dismantle and remove all rented items as per the agreed timeline.
2. Equipment should be checked for damage during takedown, and any damaged items must be reported to the City immediately.

D. Post-Event Cleaning:

1. The vendor is responsible for ensuring that all rented items are clean and in good condition upon pickup.

E. Customer Support:

1. The vendor must provide contact information for a designated point of contact available during events for any immediate needs or concerns.
2. Customer service must be responsive and willing to accommodate additional requests when possible.

4. Delivery Requirements

All deliveries and pickups must adhere to the following requirements:

- A. Delivery trucks must be equipped to handle the rented items safely.
- B. Deliveries must occur at specified times agreed upon in the contract.
- C. All equipment must be placed in the designated event area as directed by a City representative.
- D. The vendor is responsible for any damage incurred during transport and setup.
- E. Weather Considerations: The vendor must monitor weather conditions leading up to events and adjust tent setup and safety measures accordingly.
The awarded proposer agrees that should inclement weather prevent the event take place, the rental will occur on the next feasible (good weather) day, agreed upon by both parties, without additional cost to the City of Doral.

5. Compliance and Insurance

Vendors must comply with all applicable local, state, and federal regulations, including but not limited to:

- A. Local codes and regulations pertaining to public safety and event planning. Some tents require a Special Event Permit from the City of Doral Planning and Zoning Department. You must submit a permit application with a site plan and a hold harmless letter and owner's approval letter if applicable. The City pays permit fees for events. The tent installation must comply with the Florida Building Code (FBC) and NFPA 102 standards, and you may also need a building permit for electrical connections, depending on the installation's complexity.
- B. Insurance: The vendor must provide proof of liability insurance with limits of no less than \$1,000,000 per occurrence.
- C. Certifications: Vendors should provide documentation of compliance with any relevant safety standards, such as those set forth by OSHA (Occupational Safety and Health Administration).

6. Proposal Submission and Evaluation

Interested vendors should submit a detailed proposal that includes:

- A. Company background and experience in providing similar services.
- B. A detailed price list.
- C. References from previous clients where similar services were provided.
- D. Proof of insurance and compliance with necessary regulations.

7. Contact Information

For any questions related to this solicitation, please contact:

8. Conclusion

The City of Doral is committed to enhancing community engagement through well-organized events and functions that foster a vibrant community atmosphere. By partnering with a qualified vendor for tent, table, and chair rentals, the City aims to ensure that these gatherings are successful, safe, and enjoyable for all participants. All interested vendors are encouraged to thoroughly review this scope of work and submit their proposals per the outlined requirements.
